

## FGMB LONG TERM MISSIONS Support Information

The Fort Garry Mennonite Brethren Church would like to encourage and assist church members who are active and regular attendees of the church who wish to participate in long-term mission opportunities (such as being a long term volunteer or staff person in a local or international Christian missions organization) to increase their understanding of God's work in the world, their own faith and the God we serve. This fund is our church's way of encouraging and affirming people who want to do long term missions service. A budget amount has been set aside for this fund in order to aid members interested in being a part of a long term missions opportunity.
